

MAUI BREWING CO.

HANDCRAFTED ALES & LAGERS BREWED WITH ALOHA

A TRULY LOCAL PRODUCT BREWED, CANNED AND PACKAGED AT MAUI BREWING CO., MAUI, HAWAII.

BIKINI BLONDE LAGER is a fresh handcrafted Helles Lager brewed with the finest German Hops and Barley. Not skimpy on flavor...Bold Smooth & Refreshing. ABV 4.5% IBU=18

Closest thing to an American Lager from Maui Brewing Co., think of Any light lager: Amstel Light, Coors, Bud, yet Bikini is "fresh" & has a bolder malt flavor.

Food Pairings: Goes well with sandwiches, bread, and light toasted nutty flavors such as sesame. Crab Cakes, Ahi Poke or Sashimi. Excellent with light delicate fish like Mahi or Paka, and shellfish such as, clams, calamari or crab.

BIG SWELL IPA is a fresh handcrafted India Pale Ale brewed with huge amounts of American Hops and Malted Barley...dry-hopped to perfection! ABV 6.2% IBU=50.

Its flavor begins with a smooth, malty creaminess followed with a big burst of dry-hop flavor from a variety of flavorful hops. It then finishes with a lingering yet pleasant bitterness.

Food Pairings: This IPA is a natural for spicy foods. The interplay of fragrant herbs and spices are cooled with the spicy citrus hop bitterness and settles to the palate with its touch of caramel and toffee. Spicy seafood, Steaks, & prime rib, tangy ribs are also perfect matches for an IPA.

COCONUT PORTER is a fresh handcrafted Robust Porter brewed with six varieties of Malted Barley, Hops, and Hand-Toasted Coconut. 2006 World Beer Cup Gold Medal Winner – Herb & Spice Beer. ABV 5.7% IBU=30

It begins with a toasted coconut aroma followed by rich, silky dark malt, chocolate, and hints of coffee. It then finishes with flavors of toasted coconut and hoppy spice to balance the finish.

Food Pairings: Calamari and Cajun Crab Cakes, Oysters, Pork Chops and Ribs, Lamb, Grilled Opaka, Filet Mignon. Desserts are a great match, Macadamia Nut Ice Cream, anything Chocolate.

WHY CANS???

Cans eliminate light damage and reduce the risk of oxidation, keeping our beer fresher than bottles. Cans are lighter, chill quicker, and can be enjoyed on beaches, near pools and on other sensitive environments.

The myth of the "metallic taste": Cans are lined with a water-based liner to eliminate any contact with Aluminum. This liner serves to lock in freshness and protect the beer.

Aluminum is the most recycled and most eco-friendly material. And...even the cans are made in Hawaii!

Maui Brewing Co. gives you a TRULY Local choice when choosing premium handcrafted Hawaiian Beers.

TRULY LOCAL...TRULY NO KA OI!
